

Qi-Home Cell™

USER MANUAL

THANK YOU

Thank you for choosing the Qi-Home Cell! With this stationary device, you can protect yourself and your family from EMF radiation around the house. The Qi Home Cell™ helps reduce the negative health effects of EMF exposure caused by past, present, and future technology.

INNOVATIVE TECHNOLOGY

- **Releases free electrons** within a protected area to reduce EMF radiation.
- **Depolarizes and reduces** EMF exposure to make it biologically safe.
- **Tested to reduce** exposure to 3G, 4G, and 5G radiation.
- **Scientifically shown** to significantly reduce EMF exposure.
- **Eases the symptoms** of EMF sensitivity, including sleep disturbances and oxidative stress.
- **Designed to protect** homes, apartments, and small office buildings.

USAGE INSTRUCTIONS

- **Carefully remove the Qi-Home Cell** from its packaging, and protect it from being dropped or knocked over.
- **Keep the Qi-Home Cell** and packaging materials away from children.
- **Place your Qi-Home Cell** in a central location in your home or apartment, placing it on a stationary table or piece of furniture.
- **Do not place your Qi-Home Cell** next to an outer wall, as that will cause some of its protective field to be outside instead of protecting you inside.
- **Place your Qi-Home Cell** a minimum of 20 inches away from all surrounding EMF-producing sources (i.e. sockets, power cables, radios, and televisions).
- **Wait 24 hours** for the Qi-Home Cell to form its area of protection.
 - **If you move the Qi-Home Cell** after it is set up, you will have to wait another 24 hours to establish a new area of protection.
- **If you wish to experience grounding benefits**, you can touch the Qi-Home Cell on the copper ring for no more than 2 minutes once or twice a day.

ADVISORIES

Please read the following advisories before using your Qi-Home Cell. Failure to observe these instructions will make your warranty void.

- **Do not** use or store the Qi-Home Cell outdoors.
- **Do not** make any unauthorized changes or adjustments to the device.
- **Do not** disassemble the Qi-Home Cell device.
- **Do not** unscrew the feet of the device.
- **Avoid** drastic changes in temperature or humidity, as these can cause the wood to crack and the device to lose effectiveness. Keep the Qi-Home Cell in an environment that is above freezing temperatures.
- **Do not** place any objects on top of the device.
- **Do not** place the Qi-Home Cell in the microwave.
- **Keep the Qi-Home Cell away** from moisture, heaters, stoves, and direct sunlight.

OCCASIONAL MAINTENANCE

- **Keep your Qi-Home Cell clean** by wiping it down with a damp microfiber cloth. Be sure to wipe any residue off with a dry cloth.
- **Do not** use cleaning solutions, chemicals, solvents, or caustic cleaners on the Qi-Home Cell. This includes but is not limited to rubbing alcohol, acetone, or petrol.
- **Do not** use a scouring cloth, sponge, or sharp objects when cleaning the Qi-Home Cell.
- **Avoid** exposing the Qi-Home Cell to moisture for extended periods of time.
- **Never** clean the Qi-Home Cell under running water.
- **The Qi-Home Cell** was designed to work at full efficiency for 8 years.

SPECIFICATIONS

Product Name	Qi-Home Cell
Weight	13.4 lbs.
